# Every Saturday is a Site Day!

Unlike other institutes, ARROW-MULTIMEDIA take you directly to live project sites under D'Mor Interior Studio. This gives you practical exposure to real challen-

## REALTIME

- Taking site measurements
- Understanding space management
- Placement of switchboards and lighting
- Electrical wiring handling
- Modular work pipelines & on-site pipelines
- Client interaction exposure

## OUTCOME

You learn how to bridge classroom knowledge with practical execution. By the end, you will confidently handle 4 real-time projects as part of your portfolio.

# Know Your Materials, Know Your Market

We provide access to a Material Library inside **D'Mor Interior Studio**. Students explore:

## EXPLORE MATERIALS

- Laminates, Veneers, Acrylics, and Textures
- Modular fittings & hardware
- Lights & electrical fittings
- False ceiling materials
- Brands, Vendors & Price Comparisons

## OUTCOME

By the end of the course, you are not just Job-Ready but **Project-Ready and Business-Ready**.

Placement support with leading Interior Companies

Entrepreneurial guidance to start your own Interior Business

Portfolio with 3 real-time executed projects

## Objective

At **Arrow Multimedia Interior Division**, our mission goes beyond teaching software skills. We aim to create confident designers who can handle real projects independently, manage clients, and deliver professional results.
